(a) The Civic Areas comprise all Municipal Boroughs, Urban Districts, and Towns of 2,000 inhabitants and upwards.

NOTE.—The plan of classification in the foregoing table is the same as that adopted in former Censuses, and may be thus described:—

The value or condition of a house, as to its quality, may be considered to depend mainly on—

1st, its extent, as shown by the number of rooms; 2nd, its quality, as shown by the number of its windows; and 3rd, its solidity or durability, as shown by the material of its walls and roof. If numbers be adopted to express the position of every house in a scale of each of these elements, and if the numbers thus obtained for every house be added together, a new series of numbers will be produced, giving the position of each house in a scale compounded of all the elements, *i.e.*, their actual status.

Four classes have been adopted, and the result is, that in the lowest of the four classes are comprised houses principally built of mud or other perishable material, having only one room and window; in the third a better description of house, varying from one to four rooms and windows; in the second, what might be considered a good farm house, having from five to nine rooms and windows; and in the first class all houses of a better description than the preceding.

The accommodation which the houses afford has also been arranged under four classes, viz.:—

First Class accommodation, consisting of 1st class houses occupied by one family.

Second Class accommodation, consisting of 2nd class houses occupied by one family, or of 1st class houses occupied by two or three families.

Third Class accommodation, comprising 3rd class houses with one family each, or 2nd class houses with two or three families, or 1st class houses occupied by four or five families.

Fourth Class accommodation includes all 4th class houses, 3rd class houses with more than one family, 2nd class houses with four or more families and 1st class houses inhabited by six or more families.

CENSUS OF IRELAND, 1911.

COUNTY OF WEXFORD.

In addition to the information contained in the County Tables, it has been deemed advisable to adopt the course pursued in previous Censuses, and give the following Summary of the results obtained respecting the (Administrative) County of Wexford from the Census Returns of 1911.

SUMMARY.

Area.—The (Administrative) County of Wexford covers an area of 584,592 statute acres, or 2·8 per cent. of the total area of the country.

Population (Table II.).—The number of persons in the County of Wexford according to the Census of 1901 was 104,104, and according to the recent Census, 102,273 (51,568 Males and 50,705 Females), or 1·76 per cent. less than in 1901.

County Districts (Table VI.).—The following Statement shows, by County Districts (as constituted under the Local Government (Ireland) Act, 1898), the number of persons in 1901 and 1911, and the increase or decrease during the decade :—

County Districts.	Population.		Increase or Decrease between 1901 and 1911.		
			Number.		Rate per cent.
	1901.	1911.	Increase.	Decrease.	
Enniscorthy Urban,	5,458	5,495	37	.	0·7
New Ross Urban,	5,847	5,547	.	300	5·1
Wexford Urban,	11,168	11,531	363	.	3·3
Enniscorthy Rural,	25,801	25,809	8	.	0·0
Gorey Rural,	16,403	16,095		308	2·2
New Ross Rural,*	17,696	16,636		1,060	6·0
Wexford Rural,	21,671	21,160	.	511	2·4
Total,	104,104	102,273	.	1,831	1·8

*Formerly New Ross No. 1.

From the foregoing Statement it will be observed that there was an increase in three County Districts, viz., 0·7 per cent. in Enniscorthy Urban, 3·3 per cent. in Wexford Urban, and a slight increase in Enniscorthy Rural; but a decrease in each of the remaining County Districts, ranging from 6·0 per cent. in New Ross Rural and 5·1 per cent. in New Ross Urban, to 2·2 per cent. in Gorey Rural and 2·4 per cent. in Wexford Rural.

Families and Houses (Table VIII.).—The number of distinct Families in the County at the time of the late enumeration was 21,853, the average number of persons in a family being thus 4·6. The number of Inhabited Houses was 21,479, showing an average of 4·7 persons to each house. In calculating these averages the Special Inmates of Public Institutions have been omitted.

Occupiers of less than 5 Rooms (Tables IX., X.).—The number of Occupiers (or Heads of Families) in occupation of less than five rooms in 1911 was 12,829, or 58·7 per cent. of the total number of Families in the County; and of these 4 were occupiers of part of a room; 508, or 2·3 per cent. of the total number of Families in the County, were occupiers of one room; 2,725, or 12·5 per cent. occupiers of two rooms; 3,504, or 16·0 per cent., occupiers of three rooms; and 6,088, or 27·9 per cent., occupiers of four rooms.

The number of Tenements of One Room in the County was 510, comprising 256 cases in which the room had only one occupant; 214 where the room had 2, 3, or 4 occupants; 37 cases in which there were 5, 6, or 7 occupants; and 3 cases where the occupants exceeded 7 in number, including 2 cases of 8 persons and 1 case of 9 persons in the room.

Civic Areas.—Towns having in 1911, a population of 2,000 and upwards, are classified as Civic Areas. The County contains four such Areas, viz., Wexford, New Ross, Enniscorthy, and Gorey. In 1901 the population of these Areas amounted to 24,716. In 1911 it was 24,912, showing an increase of 196 persons, or 0·8 per cent.; but in remainder of the County there was a decrease of 2·6 per cent.

Pauperism (Table XII.).—The number of persons returned in 1901 as receiving relief under the Poor Law System was 3,547, or one in every 29 of the population; of this number 1,293 were inmates of Workhouses, and 2,254 were in receipt of Outdoor Relief. In 1911 the number returned was 2,522, or one in every 41 of the population; 909 of these being in the Workhouses, and 1,613 on Outdoor Relief, which figure includes 85 children Boarded-out and 2 in Certified Schools.

The Sick (Table XII.).—In 1901 the number of persons in the County of Wexford, returned as Sick, on the night of the Census, was 977, or one in every 107 of the population. In 1911 the number so returned was 632, or one in every 162 of the population; of the latter number 305 were at their own homes, and 327 were in hospital.

Marriages, Births, and Deaths (Table XIV.).—For the purposes of Registration of Births, Deaths, and Marriages, the Poor Law Union forms a "Superintendent Registrar's District." Each Union or Superintendent Registrar's District is divided into Dispensary Districts for the Medical Relief of the Poor under the Medical Charities Act; these Dispensary Districts, save in a few instances, are identical with the Registrars' Districts. Each Dispensary District is composed of a certain number of District Electoral Divisions.

According to the returns of the Registrar-General, the number of Marriages registered in the County of Wexford during the ten years ending 31st March, 1911, was 4,973, equal to an average annual rate of 4·8 per 1,000 of the population. The number registered in the whole of Ireland during the same period affords an average annual rate of 5·1 per 1,000.

The number of Births registered in the County during the ten years was 22,421, affording an average annual rate of 21·7 per 1,000 of the population, the average yearly rate for the whole of Ireland during the same period being 23·1 per 1,000.

The Deaths registered during the decennium amounted to 19,081, being equal to an average annual rate of 18·5 per 1,000; the corresponding rate for the whole of Ireland was 17·3 per 1,000.

Birthplaces of the Inhabitants (Table XXV.).—Of the persons enumerated in the County in 1911, 91·3 per cent. were born therein; 4·8 per cent. in other Counties of the Province of Leinster; 1·5 per cent. in Munster; 0·5 per cent. in Ulster; 0·3 per cent. in Connaught; 1·3 per cent. in Great Britain; and 0·3 per cent. were born abroad.

Religious Professions (Table XXIX.).—The following Statement shows, according to Religious Professions, the Inhabitants of the County of Wexford in 1911:—

Religious Professions.	1911.	
	Number of Persons.	Per-centage of Total Population.
Roman Catholics,	94,413	92·3
Protestant Episcopalians,	7,050	6·9
Presbyterians,	254	0·3
Methodists,	334	0·3
All other Denominations (and Religion unascertained),	197	0·2
Information Refused,	25	0·6
Total,	102,273	100·

From the above Table it will be seen that of the total population of the County in 1911, 92·3 per cent. were Roman Catholics; 6·9 per cent. Protestant Episcopalians; 0·3 per cent. Presbyterians; and 0·3 per cent. Methodists. In 1901 Roman Catholics formed 91·7 per cent.; Protestant Episcopalians, 7·5 per cent.; Presbyterians, 0·3 per cent.; and Methodists, 0·3 per cent. of the population of the County.

Education (Tables XXX. and XXXIII.).—In reckoning the number of Illiterates, the age of 9 years has now been substituted for the age of 5, which was formerly adopted.

On this basis the details of population, aged 9 years and upwards, for this County are:—

	Population, 9 years and upwards.	
	Numbers.	Proportion per cent.
Read and Write,	72,271	85·3
Read only,	3,123	3·7
Illiterate,	9,283	11·0
Total,	84,677	100·

For comparative purposes the figures for those between the ages of 5 and 9, who can read and write, are shown in Table XXX.

It is satisfactory to note that had the earlier age of five been taken as the starting point on this occasion, as in former years, it would have appeared that the per-centage of those unable to read or write, which was 19·6 in 1891, and 15·5 in 1901, had fallen to 13·9 in 1911.

Irish Speaking Population (Tables XXXVI. and XXXVII.).—The number of persons in the County of Wexford returned as being able to speak the Irish Language in 1911 was 2,901, representing 2·8 per cent. of the total population of the County.

Table XXXVI. gives for the first time, by District Electoral Divisions, the information available regarding the Irish-speaking portion of the population; while Table XXXVII shows, by County Districts, the numbers in 1911, as compared with those returned in 1901.

School Attendance (Table XXXVIII.).—The number of pupils attending school in the County of Wexford, according to the Census of 1901 (week ending 11th May), was 14,079. In 1911 the number returned (for week ending 13th May) was 15,022.

(a) The Civic Areas comprise all Municipal Boroughs, Urban Districts, and Towns of 1,000 inhabitants and upwards.

NOTE.—The plan of classification in the foregoing Table is the same as that adopted in former Censuses, and may be thus described:—

The value or condition of a house, as to its quality, may be considered to depend mainly on—

1st, its extent, as shown by the number of rooms; 2nd, its quality, as shown by the number of its windows, and 3rd, its solidity or durability, as shown by the material of its walls and roof. If numbers be adopted to express the position of every house in a scale of each of these elements and if the numbers thus obtained for every house be added together, a new series of numbers will be produced, giving the position of each house in a scale compounded of all the elements, as their actual state.

Four classes have been adopted, and the result is, that in the lowest of the four classes are comprised houses principally built of mud or other perishable material, having only one room and window; in the third a better description of house, varying from one to four rooms and windows; in the second, what might be considered a good farm house, having from five to nine rooms and windows; and in the first class all houses of a better description than the preceding.

The accommodation which the houses afford has also been arranged under four classes, viz.:—

First Class accommodation, consisting of 1st class houses occupied by one family.

Second Class accommodation, consisting of 2nd class houses occupied by one family, or of 1st class houses occupied by two or three families.

Third Class accommodation, comprising 3rd class houses with one family each, or second class houses with two or three families, or 1st class houses occupied by four or five families.

Fourth Class accommodation includes all 4th class houses, 3rd class houses with more than one family, 2nd class houses with four or more families, and 1st class houses inhabited by six or more families.

CENSUS OF IRELAND, 1911.

COUNTY OF WICKLOW.

In addition to the information contained in the County Tables, it has been deemed advisable to adopt the course pursued in previous Censuses, and give the following Summary of the results obtained respecting the (Administrative) County of Wicklow from the Census Returns of 1911.

SUMMARY.

Area.—The (Administrative) County of Wicklow covers an area of 500,216 statute acres, or 2·4 per cent. of the total area of the country.

Population (Table II.).—The number of persons in the County of Wicklow according to the Census of 1901 was 60,824; and according to the recent Census, 60,711 (31,113 Males and 29,598 Females), or 0·19 per cent. less than in 1901.

County Districts (Table VI.).—The following Statement shows, by County Districts (as constituted under the Local Government (Ireland) Act, 1898), the number of persons in 1901 and 1911, and the increase or decrease during the decade :—

County Districts.	Population		Increase or Decrease between 1901 and 1911.		
			Number		Rate per cent.
	1901.	1911.	Increase.	Decrease.	
Arklow Urban	4,941	5,042	98	—	2·0
Bray Urban	7,424	7,691	267	—	3·6
Wicklow Urban	3,288	3,243	—	45	1·4
Baltinglass No. 1 Rural	9,675	8,935	—	740	7·6
Naas No. 2 Rural	3,033	3,105	72	—	2·4
Rathdown No. 2 Rural	5,037	5,430	393	—	7·8
Rathdrum Rural	18,457	18,627	170	—	0·9
Shillelagh Rural	8,946	8,618	—	328	3·7
Total	60,824	60,711	—	113	0·2

From the foregoing statement it will be observed that there was an increase in 5 Districts, ranging from 7·8 per cent. in Rathdown No. 2 Rural and 3·6 in Bray Urban to 0·9 in Rathdrum Rural; and decreases in 3 Districts, the highest being 7·6 per cent. in Baltinglass No. 1 Rural and the lowest 1·4 per cent. in Wicklow Urban.

Families and Houses (Table VIII.).—The number of distinct Families in the County at the time of the late enumeration was 12,960, the average number of persons in a family being thus 4·6. The number of Inhabited Houses was 12,704, showing an average of 4·7 persons to each house. In calculating these averages the Special Inmates of Public Institutions have been omitted.

Occupiers of less than 5 Rooms (Tables IX., X.).—The number of Occupiers (or Heads of Families) in occupation of less than five rooms in 1911 was 8,842, or 68·2 per cent. of the total number of Families in the County, and of these 2 were occupiers of part of a room only; 628 or 4·8 per cent. of the total number of Families in the County were occupiers of one room; 2,845, or 22·0 per cent., occupiers of two rooms; 3,133, or 24·2 per cent., occupiers of three rooms; and 2,234, or 17·2 per cent., occupiers of four rooms.

The number of Tenements of One Room in the County was 629, comprising 205 cases in which the room had only one occupant; 319 where the room had 2, 3, or 4 occupants; 91 cases in which there were 5, 6, or 7 occupants; and 14 cases where the occupants exceeded 7 in number, including 5 cases of 10 persons in the room.

Civic Areas.—Towns having, in 1911, a population of 2,000 and upwards are classified as Civic Areas. The County contains three such Areas, viz., Arklow, Bray, and Wicklow. In 1901 the population of these Areas amounted to 15,656. In 1911 it was 15,976, showing an increase of 320 persons, or 2·0 per cent.; but in the remainder of the County there was a decrease of 1·0 per cent.

Pauperism (Table XII.).—The number of persons returned in 1901 as receiving relief under the Poor Law System was 1,692, or one in every 36 of the population; of this number 515 were inmates of Workhouses, and 1,177 were in receipt of Outdoor Relief. In 1911 the number returned was 1,400, or one in every 43 of the population; 428 of these being in the Workhouses, and 972 on Outdoor Relief, which figure includes 87 children Boarded-out.

The Sick (Table XII.).—In 1901 the number of persons in the County of Wicklow returned as Sick, on the night of the Census, was 541, or one in every 112 of the population. In 1911 the number so returned was 451, or one in every 135 of the population; of the latter number, 156 were at their own homes, and 295 were in hospital.

Marriages, Births, and Deaths (Table XIV.).—For the purposes of Registration of Births, Deaths, and Marriages, the Poor Law Union forms a "Superintendent Registrar's District." Each Union or Superintendent Registrar's District is divided into Dispensary Districts for the Medical Relief of the Poor under the Medical Charities Act; these Dispensary Districts, save in a few instances, are identical with the Registrars' Districts. Each Dispensary District is composed of a certain number of District Electoral Divisions.

According to the returns of the Registrar-General, the number of Marriages registered in the County of Wicklow during the ten years ending 31st March, 1911, was 2,923, equal to an average annual rate of 4·8 per 1,000 of the population. The number registered in the whole of Ireland during the same period affords an average annual rate of 5·1 per 1,000.

The number of Births registered in the County during the ten years was 12,763, affording an average annual rate of 21·0 per 1,000 of the population, the average yearly rate for the whole of Ireland during the same period being 23·1 per 1,000.

The Deaths registered during the decennium amounted to 9,964, being equal to an average annual rate of 16·4 per 1,000; the corresponding rate for the whole of Ireland was 17·3 per 1,000.

Birthplaces of the Inhabitants (Table XXV.).—Of the persons enumerated in the County in 1911, 74·7 per cent. were born therein; 17·1 per cent. in other Counties of the Province of Leinster; 2·0 per cent. in Munster; 2·1 per cent. in Ulster; 0·8 per cent. in Connaught; 2·7 per cent. in Great Britain; 0·6 per cent. were born abroad, and 4 persons were born at sea.

Religious Professions (Table XXIX.).—The following Statement shows, according to Religious Professions, the Inhabitants of the County of Wicklow in 1911 —

Religious Professions	1911.	
	Number of Persons.	Per-centage of Total Population.
Roman Catholics	47,999	79·1
Protestant Episcopalians	11,165	18·4
Presbyterians	557	0·9
Methodists	606	1·0
All other Denominations (and Religion unascertained)	367	0·6
Information Refused	17	0·0
Total	60,711	100·

From the above Table it will be seen that of the total population of the County in 1911, 79·1 per cent. were Roman Catholics; 18·4 per cent. Protestant Episcopalians; 0·9 per cent. Presbyterians; and 1·0 per cent. Methodists. In 1901 Roman Catholics formed 79·1 per cent.; Protestant Episcopalians, 18·7 per cent.; Presbyterians, 0·8 per cent.; and Methodists, 1·0 per cent. of the population of the County.

Education (Tables XXX. and XXXIII.).—In reckoning the number of illiterates the age of 9 years has now been substituted for the age of 5, which was formerly adopted.

On this basis the details of population, aged 9 years and upwards, for this County, are:—

	Population, 9 years and upwards.	
	Numbers	Proportion per cent.
Read and Write	44,030	89·6
Read only	1,241	2·5
Illiterate	3,962	7·9
Total	50,133	100

For comparative purposes the figures for those between the ages of 5 and 9, who can read and write, are shown in Table XXX.

It is satisfactory to note that had the earlier age of five been taken as the starting point on this occasion, as in former years, it would have appeared that the per-centage of those unable to read or write, which was 16·7 in 1891, and 13·3 in 1901, had fallen to 11·0 in 1911.

Irish-speaking Population (Tables XXXVI. and XXXVII.).—The number of persons in the County of Wicklow returned as being able to speak the Irish Language in 1911 was 1,054, representing 1·7 per cent. of the total population of the County

Table XXXVI. gives for the first time, by District Electoral Divisions, the information available regarding the Irish-speaking portion of the population, while Table XXXVII. shows, by County Districts, the numbers in 1911, as compared with those returned in 1901.

School Attendance (Table XXXVIII.).—The number of pupils attending school in the County of Wicklow, according to the Census of 1901 (week ending 11th May), was 9,610. In 1911 the number returned (for week ending 13th May) was 9,639

Emigration (Table XLI.).—The number of Emigrants during the ten years ending 31st March, 1911, who stated that they were from the County of Wicklow, amounted to 1,779 (1,025 males, and 754 females); the number for the decade ending 31st March, 1901, was 1,691; for that ending with March, 1891, 6,242; for that ending with March, 1881, 4,591; for that ending with March, 1871, 5,387, and for that ending with March, 1861, 11,173, making a total of 30,863 for the sixty years.

(a) The Civic Areas comprise all Municipal Boroughs, Urban Districts, and Towns of 2,000 inhabitants and upwards.

NOTE.—The plan of classification in the foregoing Tables is the same as that adopted in former Censuses, and may be thus described:—

The value or condition of a house, as to its quality, may be considered to depend mainly on—

1st. Its extent, as shown by the number of rooms; 2nd. Its quality, as shown by the number of its windows, and 3rd, its solidity or durability, as shown by the material of its walls and roof. If numbers be adopted to express the position of every house in a scale of each of these elements, and if the numbers thus obtained for every house be added together, a new series of numbers will be produced, giving the position of each house in a scale compounded of all the elements *i.e.*, their actual state.

Four classes have been adopted and the result is, that in the lowest of the four classes are comprised houses principally built of mud or other perishable material, having only one room and window; in the third a better description of house, varying from one to four rooms and windows; in the second, what might be considered a good farm house, having from five to nine rooms and windows; and in the first class all houses of a better description than the preceding.

The accommodation which the houses afford has also been arranged under four classes, viz.:—

First Class accommodation consisting of 1st class houses, occupied by one family.

Second Class accommodation consisting of 2nd class houses occupied by one family, or of 1st class houses, occupied by two or three families.

Third Class accommodation comprising 3rd class houses, with one family each, or second class houses with two or three families, or 1st class houses occupied by four or five families.

Fourth Class accommodation includes all 4th class houses, 3rd class houses with more than one family, 2nd class houses with four or more families, and 1st class houses inhabited by six or more families.

CENSUS OF IRELAND, 1911.

PROVINCE OF LEINSTER.

In addition to the information contained in the County Tables, it has been deemed advisable to adopt the course pursued in previous Censuses, and give Summaries of the results obtained respecting the several Counties in Leinster from the Census Returns of 1911; similar information is here given for the Province, together with a Synopsis of the County Summaries

SUMMARY.

Area.—The Province of Leinster covers an area of 4,888,134 statute acres, or 23·4 per cent. of the total area of the country.

Population (Table II.).—The number of Persons in the Province of Leinster according to the Census of 1901, was 1,152,829; and according to the recent Census, 1,162,044 (582,967 Males and 579,077 Females), or 0·80 per cent. more than in 1901.

Counties (Table VI.).—The following Statement shows, by Counties (as constituted under the Local Government (Ireland) Act, 1898), the number of persons in 1901 and 1911, and the increase or decrease during the decade :—

Counties, Etc.	Population.		Increase or Decrease between 1901 and 1911.		
			Number.		Rate per cent.
	1901.	1911.	Increase.	Decrease.	
Carlow County,	37,748	36,252	.	1,496	4·0
Dublin County,	157,568	172,394	14,826	.	9·4
Dublin County Borough,	290,638	304,802	14,164	.	4·9
Kildare County,	63,566	66,627	3,061	.	4·8
Kilkenny County,	79,150	74,962	.	4,197	5·3
King's County,	60,187	56,832	.	3,355	5·6
Longford County,	46,672	43,820	.	2,852	6·1
Louth County,	65,820	63,665	.	2,155	3·3
Meath County,	67,497	65,091	.	2,406	3·6
Queen's County,	57,417	54,629	.	2,788	4·9
Westmeath County,	61,029	59,986	.	1,043	2·7
Wexford County,	104,104	102,273	.	1,831	1·8
Wicklow County,	60,824	60,711	.	113	0·2
Total,	1,152,829	1,162,044	9,215	.	0·8

From the foregoing Statement it will be observed that there was an increase of 9·4 per cent. in Dublin County, of 4·9 per cent. in Dublin County Borough, and of 4·8 per cent. in Kildare County, but a decrease in each of the remaining counties, ranging from 6·1 per cent. in Longford County and 5·6 per cent in King's County, to 0·2 per cent. in Wicklow County and 1·8 per cent. in Wexford County.

Families and Houses (Table VIII.).—The number of distinct Families in the Province at the time of the late enumeration was 244,843, the average number of persons in a family being thus 4·6. The number of Inhabited Houses was 211,437, showing an average of 5·3 persons to each house. In calculating these averages the Special Inmates of Public Institutions have been omitted.

Occupiers of less than 5 Rooms (Tables IX., X.).—The number of occupiers (or Heads of Families) in occupation of less than five rooms in 1911 was 171,763, or 70·1 per cent. of the total number of Families in the Province; and of these 79 were occupiers of part of a room only; 29,380, or 12·0 per cent. of the total number of Families in the Province, were occupiers of one room; 49,002, or 20·0 per cent., occupiers of two rooms; 53,336, or 21·8 per cent., occupiers of three rooms; and 39,966, or 16·3 per cent., occupiers of four rooms.

The number of Tenements of One Room in the Province was 29,419, comprising 6,901 cases in which the room had only one occupant; 16,075 where the room had 2, 3, or 4 occupants; 5,604 cases in which there were 5, 6, or 7 occupants; and 839 cases where the occupants exceeded 7 in number, including 75 cases of 10 persons, 29 cases of 11 persons, and 10 cases of 12 or more persons in the room.

Civic Areas.—Towns having, in 1911, a population of 2,000 and upwards, are classified as Civic Areas. The Province contains 35 such Areas. In 1901 the population of these Areas amounted to 519,381. In 1911 it was 549,022, showing an increase of 29,641 persons, or 5·7 per cent.; but in the remainder of the Province there was a decrease of 3·2 per cent.

Pauperism (Table XII.).—The number of persons returned in 1901 as receiving relief under the Poor Law System was 33,920, or one in every 34 of the population; of this number 15,182 were inmates of Workhouses, and 18,738 were in receipt of Outdoor Relief. In 1911 the number returned was 28,640, or one in every 41 of the population, 13,714 of these being in the Workhouses, and 14,926 on Outdoor Relief, which figure includes 1,006 children Boarded-out and 40 in Certified Schools.

The Sick (Table XII.).—In 1901 the number of persons in the Province of Leinster returned as Sick, on the night of the Census, was 11,673, or one in every 99 of the population. In 1911 the number so returned was 10,226, or one in every 114 of the population; of the latter number, 2,440 were at their own homes, and 7,786 were in hospital.

Marriages, Births, and Deaths (Table XIV.).—For the purposes of Registration of Births, Deaths, and Marriages, the Poor Law Union forms a "Superintendent Registrar's District." Each Union or Superintendent Registrar's District is divided into Dispensary Districts for the Medical Relief of the Poor under the Medical Charities Act, these Dispensary Districts, save in a few instances, are identical with the Registrars' Districts. Each Dispensary District is composed of a certain number of District Electoral Divisions.

According to the Returns of the Registrar-General, the number of Marriages registered in the Province of Leinster during the ten years ending 31st March, 1911, was 63,144, equal to an average annual rate of 5·5 per 1,000 of the population. The number registered in the whole of Ireland during the same period affords an average annual rate of 5·1 per 1,000.

The number of Births registered in the Province during the ten years was 269,940, affording an average annual rate of 23·3 per 1,000 of the population, the average yearly rate for the whole of Ireland during the same period being 23·1 per 1,000.

The Deaths registered during the decennium amounted to 219,462, being equal to an average annual rate of 19·0 per 1,000; the corresponding rate for the whole of Ireland was 17·3 per 1,000.

Birthplaces of the Inhabitants (Table XXV.).—Of the persons enumerated in the Province in 1911, 87·5 per cent. were born therein; 3·3 per cent. in Munster; 2·7 per cent. in Ulster; 1·6 per cent. in Connaught; 4·1 per cent. in Great Britain; and 0·8 per cent. were born abroad.

Religious Professions (Table XXIX.).—The following Statement shows, according to Religious Professions, the Inhabitants of the Province of Leinster in 1911:—

Religious Professions.	1911.	
	Number of Persons	Per-centage of Total Population
Roman Catholics,	990,045	85·2
Protestant Episcopalians,	140,182	12·1
Presbyterians,	12,866	1·1
Methodists,	8,068	0·7
All other Denominations (and Religion unascertained),	10,261	0·9
Information Refused,	622	0·0
Total,	1,162,044	100·

From the above Table it will be seen that of the total population of the Province in 1911, 85·2 per cent. were Roman Catholics; 12·1 per cent. Protestant Episcopalians; 1·1 per cent. Presbyterians; and 0·7 per cent. Methodists. In 1901 Roman Catholics formed 85·2 per cent; Protestant Episcopalians, 12·3 per cent.; Presbyterians, 1·0 per cent.; and Methodists, 0·7 per cent., of the population of the Province.

Education (Tables XXX. and XXXIII.).—In reckoning the number of illiterates the age of 9 years has now been substituted for the age of 5, which was formerly adopted.

On this basis the details of population, aged 9 years and upwards, for this Province are:—

—	Population, 9 years and upwards.	
	Numbers.	Proportion per cent.
Read and Write,	869,668	90·5
Read only,	25,876	2·7
Illiterate,	65,812	6·8
Total,	961,376	100·

For comparative purposes the figures for those between the ages of 5 and 9, who can read and write, are shown in Table XXX.

It is satisfactory to note that had the earlier age of five been taken as the starting point on this occasion, as in former years, it would have appeared that the per-centage of those unable to read or write, which was 15·4 in 1891, and 11·3 in 1901, had fallen to 9·8 in 1911.

Irish Speaking Population (Table XXXVII.).—The number of persons in the Province of Leinster returned as being able to speak the Irish Language in 1911 was 40,225, representing 3·5 per cent. of the total population of the Province.

School Attendance (Table XXXVIII.).—The number of pupils attending school in the Province of Leinster, according to the Census of 1901 (week ending 11th May), was 175,806. In 1911 the number returned (for week ending 13th May) was 181,358.

Emigration (Table XLI.).—The number of Emigrants during the ten years ending 31st March, 1911, who stated that they were from the Province of Leinster, amounted to 42,638 (22,888 males and 19,750 females); the number for the decade ending 31st March, 1901, was 49,552; for that ending with March, 1891, 138,282; for that ending with March, 1881, 110,619; for that ending with March, 1871, 149,838, and for that ending with March, 1861, 235,460, making a total of 726,389 for the sixty years.

NOTE.—The plan of classification in the foregoing Table is the same as that adopted in former Censuses, and may be thus described —

The value or condition of a house as to its quality, may be considered to depend mainly on—

1st, Its extent, as shown by the number of rooms; 2nd, its quality, as shown by the number of its windows; and 3rd, its solidity or durability, as shown by the material of its walls and roof. If numbers be adopted to express the position of every house in a scale of each of these elements, and if the numbers thus obtained for every house be added together, a new series of numbers will be produced, giving the position of each house in a scale compounded of all the elements, i.e., their actual state.

Four classes have been adopted, and the result is that in the lowest of the four classes are comprised houses principally built of sand or other perishable material, having only one room and window; in the third a better description of house, varying from one to four rooms and windows; in the second, what might be considered a good farm house, having from five to nine rooms and windows, and in the first class all houses of a better description than the preceding.

The accommodation which the houses afford has also been arranged under four classes, viz. —

First Class accommodation, consisting of 1st class houses occupied by one family.

Second Class accommodation, consisting of 2nd class houses occupied by one family, or of 1st class houses occupied by two or three families.

Third Class accommodation, comprising 3rd class houses with one family each, or second class houses with two or three families, or 1st class houses occupied by four or five families.

Fourth Class accommodation includes all 4th class houses, 3rd class houses with more than one family, 2nd class houses with four or more families, and 1st class houses inhabited by six or more families.
